### LOW-INTEREST LOAN PRE-QUALIFICATION CHECKLIST

#### Form 2

The Low-Interest Rehabilitation Loan Program is designed to benefit owners of one, two & three family dwellings within participating municipalities. Through this program, Third Federal Savings and Loan will provide low-interest rate loans to eligible borrowers who qualify for certain housing rehabilitation loans. The program is quite flexible, however, it does have limitations. The following checklist is designed to identify proposed projects that are not likely to be eligible for the program. If you believe your application deserves additional consideration, please contact the Heritage Home Program office at (216) 426-3116.

	Yes	No	N/A
1. Are property taxes current for the parcel in question?			
2. Do you understand that the proposed rehabilitation cannot include luxury items, such as swimming pools, stables, satellite dishes, hot tubs; or items such as vinyl windows, or vinyl siding?			
3. Is the requested loan amount between \$5,200 - \$150,000?			
4. Do you understand that the requested loan cannot be used to finance any of the following: New construction (i.e. new dwelling?)			
Bridge loan?			
Refinance existing loans?			
6. Do you understand the Heritage Home Program of the Cleveland Restoration Society will qualify your property and work with you to develop written exterior specifications for your rehabilitation project that must be followed?			
7. Do you understand that both the Heritage Home Program and your municipality have the responsibility for monitoring the rehabilitation work and that the proper permits must be secured?			
8. Is your property over 50 years old?			

**Representations and Promises:** Under penalty of law, the applicant(s) identified below has (have) accurately and truthfully answered the questions as listed above and on the attached application checklist, and has made application to Third Federal Savings and Loan. The individual(s) listed below promises (promise), that funds borrowed from Third Federal Savings and Loan will be used for no other purpose than the home improvements described herein. **Furthermore, it is fully understood that any use of the borrowed funds, for any purpose other than the purposes permitted under the specifications and guidelines set forth for the program constitutes an act of fraud.** The undersigned promises to comply with all monitoring efforts required by the Heritage Home Program, the Heritage Home Educational Society and the property's municipality. Failure to do so in a timely manner may affect continued participation in the program and thereby result in the interest rate on your loan increasing by Third Federal Savings and Loan's predetermined market rate per annum.

### TERMS AND CONDITIONS

Form 4

Dear Prospective Borrower:

After you have signed the papers for your loan, your city and the Heritage Home Program have the responsibility to monitor the work on your home. You, as part of the Heritage Home Program, are required to do the following:

#### **FOR ALL WORK REQUIRING PERMITS**

Some of the items listed on Form #3, the Detailed Description of Planned Rehabilitation, may require a permit. The type work that requires a permit can differ from city to city.

It is the borrower's responsibility to check with your municipality to verify what work requires permits. As the borrower, you will be responsible for providing a copy of all required permits to the Heritage Home Program prior to final project inspection and certification.

Contact the building department, if you are doing the work, or have your contractor contact the building department within one month of your loan's closing date to secure the proper permits and to determine if any zoning, building code or other approvals are required. You have eighteen months from the time your loan is signed to complete the work. **Please check with your municipality to verify what work requires a permit.**

Failure to provide copies of required permits to the Heritage Home Program may jeopardize the interest rate on your loan.

#### **FOR NON-PERMIT WORK**

The Heritage Home Program is responsible for monitoring all non-permit work funded through a Heritage Home Program Loan and certifying that all completed exterior work meets preservation standards as described in the Secretary of the Interior's *Standards for Rehabilitation*.

#### **ALL WORK, PERMIT AND NON-PERMIT**

**Homeowners may be required to complete and submit project updates to the Heritage Home Program to track the progress of your rehabilitation project.** At the completion of the project, homeowners must submit a Project Completion Form (Form 5) with all appropriate signatures to the Heritage Home Program. The Heritage Home Program will then inspect the completed work to check for compliance to the original project scope and/or adherence to the *Standards* for exterior work. Work not in compliance must be corrected and brought into compliance. If any Report Forms are not returned to the Heritage Home Program (HHP) by the dates indicated, if the Project Completion Form is not signed by all parties and returned to the HHP, or completed work is not certified by the HHP as meeting the original project scope and/or the *Standards* for exterior work, your loan's interest rate is subject to change. **It is your responsibility to ensure the HHP is kept up-to-date on the status of your work.** The municipality, and the HHP reserve the right to request receipts to verify the cost of improvements.

#### **THE CONTRACTOR**

For your protection, your contractor should be licensed, registered and/or bonded by your municipality. Your city may provide a list of currently registered contractors, or simply have your contractor register with the municipality. The agreement with your contractor is a private one and not the responsibility of Third Federal Savings and Loan, your municipality, or the Heritage Home Program.<sup>1</sup>

#### **ADDITIONAL TERMS AND CONDITIONS OF THE HERITAGE HOME PROGRAM:**

- During the eighteen (18) month term that a homeowner is under contract with the Heritage Home Program, no changes or alterations are allowed to be made to any significant architectural features of the subject property without review and approval by Heritage Home Program Staff.

## HERITAGE HOME PROGRAM

A program of the Heritage Home Educational Society

- **Installation of vinyl replacement windows or vinyl siding are specifically prohibited during the entire eighteen month construction term of the loan.** If these changes are made, the low-interest subsidy will be terminated. This will be enforced whether these changes are made with loan proceeds or any other type of funding.
- City violations and health and safety concerns must be addressed prior to starting any cosmetic improvements and renovations.
- Property taxes must be current.
- Loan documents must be signed, closed, and funds dispersed before any work begins or any payments made to contractors. **Work started or paid for before the loan is signed and closed cannot be financed with Heritage Home Program Loan funds.**
- Homeowners and contractors must follow the Master Specifications provided by Heritage Home Program Staff for exterior projects. **Failure to do so may result in the termination of the low-interest rate.** As the borrower, you are responsible for your contractor's adherence to the exterior specifications prepared for your project by the Heritage Home Program.
- Master Specifications are not written for interior projects.
- **Contractors are responsible for pulling all required permits for all work;** however, homeowners are responsible for ensuring that permits have been pulled.
- **Bank fees, technical assistance fees, and program fees are associated with the loan and paid by the homeowner.** Fee details are outlined in the Heritage Home Program information packets.
- In all Heritage cities, except for Cleveland Heights, every homeowner participating in the loan program will be asked to display a Heritage Home Program sign in their front yard to advertise the program and the city's sponsorship of the program. Signs will be displayed for the duration of the construction projects and for up to two weeks following the completion of the projects. Signs will be posted in a visible location and follow city code requirements. Heritage Home Program Staff will be responsible for the posting and retrieval of the signs.
- The free Technical Advice provided to homeowners is funded by payments and grants from many cities, villages, foundations, historical societies, and City of Cleveland Councilpersons. The Heritage Home Program is supported in many ways by other non-profit organizations including Libraries, Community Development Corporations and historical societies. The Heritage Home Program reports to these organizations and seeks out additional sources of capital, funding and support. In these efforts, the borrower understands that the Heritage Home ProgramSM provides to such current and potential sources of capital, funding and support details as to the Technical Assistance and Loans provided under the Program.

The undersigned has reviewed this application in full, understands the terms and conditions, responsibilities and agrees to the Program Terms and Conditions outlined in Form 4.
